## EDUCATION

**Bachelor of Science in Mechanical Engineering**  
Western Macedonia TEI

## EXPERTISE

Languages: C#, Java, HTML, CSS  
Back-end Frameworks: ASP.NET  
DataBases: MySQL, MongoDB  
Other: Git, Github, bash

## SKILLS

Problem solving  
Critical Thinking  
Good work ethic  
Team player

## LANGUAGE

Greek  
English

## ABOUT ME

With close to 10 years of accomplished experience as a mechanical engineer, I made a decision to transition my career towards programming. Through self-directed learning, I have diligently refined my skills in C# and ASP.NET Core development. I am deeply devoted to leveraging technology to optimize and simplify the lives of individuals. My enthusiasm for continuous learning drives my commitment to creating innovative solutions that enhance efficiency and effectiveness.

## WORK EXPERIENCE

- 2016 - Present  
Mechanical Engineer  
Grecian Magnesite  
Delta S.A.
- 2015 -2016  
Sales  
MegaWatt S.A.
- 2009 - 2015  
Hotel Business

## SELF DEVELOPED PROJECTS

### AnimeReviewsApi

RESTful API

A RESTful API for managing anime reviews. It provides endpoints to access and manipulate anime reviews, reviewers, categories and authors

### BookingManagementApp

Web app

A web-based application designed to manage bookings. It allows users to create, view, update, and delete bookings, along with additional features such as validation and data persistence.

## COURSES / CERTIFICATIONS

ASP.NET Core Web API Bootcamp - Build REST APIs with C# .NET  
Unit Testing for C# Developers
